

Redundant Testing system for DFA antenna

Date: 8/06/15-8/13/15

Group number and Name: May1604

Client/Advisor: Gary Tuttle, Nathan Neihart

Attendees/Role: Mario, Jesús, Jean, Zhihao, Mukund

✓ Past week accomplishments (please describe as what, who, when)

- ❖ We met with Nathan Neihart and Gary Tuttle, our advisors and went over The stuff the company sent us.
- ❖ We held a skype call with our client and had him explain the schematics that he sent us, while our advisors were present and we could all ask him questions about it.
- ❖ The entire group met on Saturday to go over the schematics that were sent over to us and we started making the block diagram that the company wants us to make.

✓ Plan for coming week (please describe as what, who, when)

- ❖ This week we will continue to examine the schematics and look at potential changes in the design and continue to work on the block diagram. The company wants the block diagram ready by the beginning of November. They want to see if what we come up with is feasible.
- ❖ I, Mukund will continue work on developing the webpage. The website is up, but my css is bad therefore it now looks ugly, ill try to fix it this weekend.
- ❖ We (the group minus advisors) will have our weekly meeting on Thursday.

✓ Pending issues

- ❖ Continue to work on the Block diagram that is due in the beginning of November.

- ❖ Making the webpage look better.
- ❖ Meetings with advisors and with group

✓ **Individual contributions**

- ❖ Mario Perez made contact with Mark and Yacoub at FRCCP and scheduled the skype meeting for Thursday.
- ❖ Jin led the team meeting with Gary Tuttle and Nathan Neihart. He also led our group meeting this week.
- ❖ Zhihao, Jesus, and myself (Mukund) took notes during meetings and set up doodle meeting times with the rest of the group in order to schedule meetings efficiently.
- ❖ I (Mukund) wrote the weekly report and updated the website.
- ❖ Every member of the group also was present on Saturday when we went over the Schematics and started to work on the block diagram.

✓ **Individual hourly contribution**

<u>NAME</u>	<u>Hours this week</u>	<u>HOURS cumulative</u>
Jin Cui	8	16
Zhihao Lia	8	16
Mukund Choudhary	8	16
Mario Perez	8	16
Jesús Hernández	8	16

✓ **Comments and extended discussion**

This week we had the first talk between the company and our advisors, We went over the schematics with him and everyone asked him questions. We also met on Saturday to go over the Schematics and start

working on the block diagram. I wrote the weekly report and updated the website. I will be responsible for the website from now on.
